

STEDI-FLO™ Vibratory Screen Feeder

Brute Force, Base Mounted

The KRAUS STEDI-FLO™ Screen Feeder is a screen and feeder combination using either a single, double or triple deck screen and a brute force drive with two electric vibrating motors. It is ideal for screening dry granular material from one inch down to 30 mesh particle size. The STEDI-FLO Screen Feeder can be

flood fed and mounted directly below any size surge hopper and easily handles abrasive materials like silica sand or fine products such as granulated sugar. The screen deck is easily replaced. Available in either stainless steel or mild steel construction.

Dimensions and specifications subject to change without notice.
